**Intro** C#5 A5 G#5 x2

## Verse 1

C#5  
The depths of our losses  
A5 G#5  
Lie deeper than the floor of the sea  
C#5  
Our tears have no meaning  
A5 G#5  
To the profit-making machine  
C#5  
The ones placed above us  
A5 G#5  
Look away in apathy  
C#5  
God will you free us?  
A5 G#5  
Misery is now our routine

## Chorus 1

C#5 E5 A5 F#5  
Will You come and overthrow our enemies?  
C#5 E5 A5 G#5  
How long will this suffering repeat and repeat?  
C#5 E5 A5 F#5  
Will You come and lift our heads in victory?  
A5 C#5 G#m7  
Bring down our oppressors  
A5 B5 C#5  
Making them a footstool under our feet

C#5  
We're sickened and tired  
A5 G#5  
That lives are treated with no regard  
C#5  
The weak at the hands of  
A5 G#5  
The powerful to use and discard  
C#5  
Shatter the idols  
A5 G#5  
Of affluence and selfish gain

Pour out your justice,  
A5 G#5  
And put an end to all of this pain
